Cotton Gin.
We have a four-gin plant on Avenue A with steel system, and promise our patrons prompt service, a good turn-out and clean samples. Our system knocks all the sand out, and we gin a bale in about twenty minutes. We understand the gin business, as we make and repair gins, and started in to the season with our plant in first class condition. Let us gin your cotton, and we will convince you that the above statements are true. Respectfully, MORRIS GIN COMPANY. 8-29-1m d&w

CITATION.

The State of Texas.
To the Sheriff or Any Constable of Anderson County—Greeting:

You are hereby commanded to summon the unknown heirs of J. A. Crawford, deceased, and Walter Heap, by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 3rd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 3rd Judicial District, to appear at the next regular term of the District Court of Anderson county, to be held at the court house thereof, in Palestine, Texas, on the 4th Monday in November, A. D. 1907, the same being the 25th day of November, A. D. 1907, then and there to answer a petition filed in said court on the 22nd day of August, A. D. 1907, in a suit, numbered on the docket of said Court No. 7634, wherein Jno. B. Roundtree is plaintiff, and the unknown heirs of J. A. Crawford, deceased, and Walter Heap, are defendants, and said petition alleging being suit for trespass to try title to the two tracts of land hereinafter described. Said petition further alleging on the first day of May, 1907, plaintiff was and now is lawfully seized of said tracts of land, owning the same in fee simple. That on the day and year aforesaid defendant entered upon said premises, and ejected plaintiff therefrom, and withholds from plaintiff the possession thereof, to his great damage. Said two tracts of land are described as follows:

1st tract. Being a part of the Jacob Sively 1-4 league, and beginning at a stake in the s. e. corner of a tract of land 10 ft. wide, sold by Jno. Thyme to Walter Heap, by deed dated May 31, 1881, and recorded in Vol. 32, page 327, Anderson county deed records; thence north 100 ft. to stake; thence west 35 ft. to stake; thence south 100 ft. to stake on line of street; thence east 35 ft. to north line of said street to place of beginning.

2nd tract. Beginning at the s. e. corner of a 25 ft. lot owned by Chas. Delitz and now owned by Jane Garrett, said corner being on the north margin of Delbert street; thence with said street 41 ft. more or less to the s. w. corner of the lot first above described; thence north with the west line of said lot 135 ft. to the south line of the lots deed to J. N. Gregg; thence west with the south line 41 ft. more or less to the s. e. corner of the Jane Garrett lot; thence east with the east line of said Jane Garrett lot to the place of beginning.

Plaintiff further says that he and those whose estate he has, claiming same under a deed or deeds duly registered, having had peaceable, continuous and adverse possession of the land and tenements claimed by them in this case, cultivating, using and enjoying the same and paying all taxes thereon for a period of more than five years after defendants' cause of action accrued, and before the commencement of this suit.

Plaintiff further says that he now has, and has had peaceable, continuous and adverse possession of the land used for, cultivating, using and enjoying the same for the period of more than ten years after defendant's cause of action accrued, and before the commencement of this suit, taken and held under a written memorandum of title specifying the boundaries of said tracts and recorded on the — day of —, 1907, in the office of the county clerk of Anderson county, Texas.

Plaintiff further says that he now has, and has had peaceable and adverse possession by an actual enclosure of the land above described, cultivating, using and enjoying the same for the period of ten years before defendant's cause of action accrued, and before the commencement of this suit.

That the unknown heirs of J. A. Crawford, deceased, claimed title to said land above described as the heirs of their deceased ancestors, and because the record does not show that said J. A. Crawford ever executed a deed of conveyance to said land and premises.

Premises considered plaintiff prays judgment for said land, for cause of suit and for general and special relief. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

YOU CAN EASILY OPERATE THIS TYPEWRITER YOURSELF. DON'T WORRY

Your Correspondent Don't write him anything by hand that takes him time to make out—that may have him in doubt—that he can't easily read. And don't fill out legal papers or card memos—or make out accounts or hotel menus in your own handwriting.

It looks bad, reflects on your standing, makes people think you can't afford a stenographer, and is sometimes ambiguous.

You can write out your letters—make out an abstract—fill in an insurance policy—enter your card memos—make out your accounts, or a hotel menu—or do any kind of writing you need, on ANY kind, size or thickness of paper, and in ANY way you want on

The OLIVER Typewriter

The Standard Visible Writer

You can write any of these things yourself if you do not happen to have a stenographer. For you can easily learn, with a little practice, to write just as rapidly, and as perfectly, as an expert operator on the OLIVER. Because the OLIVER is the SIMPLIFIED typewriter. And you can see every word you write. About 80 per cent. MORE DURABLE than any other typewriter, because it has about 80 per cent less wearing parts than most other typewriters.

80 per cent. EASIER to write with than these other complicated, intricate machines that require "humming"—technical knowledge—long practice and special skill to operate.

Than machines which cannot be adjusted to any special space with which it is impossible to write abstracts, insurance policies, or odd-size documents except you buy expensive special attachments requiring experts to operate.

You can adjust the OLIVER to any reasonable space—you can write on any reasonable size and thickness of paper, right out to the very edge, without the aid of any expensive attachment or special skill, and your work will be neat, appearing, legible and clear.

For the OLIVER is the typewriter for the doctor, the lawyer, the insurance agent, the merchant, the hotel proprietor—or any man who does his own writing.

Write us now for our booklet on the Simplified features of the OLIVER.

Copyright From Kate Field, in "The Chicago Times-Herald."

"Man naturally rides astride of a horse because in no other way can a perfect balance and complete control be attained without artificial aid. Primitive Woman copied her lord and master even when the era of bare backs succumbed to saddles. It remained for 'civilized' convention to devise the side saddle and skirt of dangerous length with death in every inch. Why this departure from common sense? Because in the days of Queen Elizabeth a noble dame was too deformed to ride astride as women had ridden up to that time. To cover the physical defects of one woman a whole sex has been punished for centuries!"
